

12/8/09

Southern Grafton County Call-Up List:

Calling Priority is in the order listed. EC should be the first called. Failing that, the first AEC and so on. The EC or AEC activating the local group will be responsible for calling all members to be activated, unless delegated to someone else. Members with RRT in front of their call signs are part of the local Rapid Response Team (RRT). Who is called is dependant upon the assessment of need, by the person activating local ARES. There will, in extreme times, also be a “reserve list” that may be called upon. That list will mainly consist of Non-ARES Twin State Radio Club members. Keep in mind that that list contains many hams with various levels of experience and capabilities. Note the SEC or ASEC should be called if no SGARES leaders can be reached.

EMERGENCY COORDINATOR

AA1KL REX G CARR 341 DOGFORD RD ETNA NH 03750
